- Crisis Intervention – 5 cases settled
- Counseling and Legal Aid – 5 cases intervened

Case Study 1:

Leena a domestic worker sister of Mr. Promad Thokar an alcoholic approached HOPE to admit her brother in a DE addiction center. Having motivated, counseled, HOPE admitted him at Nirvana Foundation at Lohegaon. We also supported him financially where medicine was concerned. We are happy to tell you that Mr. Promad Thokar is fully cured and he got a job at the same center.

Case Study 2:

Meena Salonke a domestic worker was accused of robbing money at her work place in Sun City in May. As a result she lost all the three jobs. Social worker of H.O.P.E met the owner of the house and job placement office who were not willing to listen to what Meena or the social worker had to say. It was very difficult to convince them of

her sincerity and honesty. H.O.P.E. took the challenge to help her to get back all the three jobs.

Case Study 3:

SHG women Veronica Shingare and her drug addicted son could not accept each others weaknesses due to which, there were constant fights in the house daily which brought in tension and anxiety. Veronica pleaded H.O.P.E to intervene. Both were given counseling for 4 months by our staff. Since of late she told us that her son has reduced taking drugs and has begun to work. The situation is better in the house.
